

ITALIAN FOOD MANUFACTURER · ROME

Used food production machinery for sale

Gluten Free Experience srl is an Italian food manufacturer based in Rome. We make gluten-free fresh pasta, filled pasta and ready meals under the Pasta Nostra and Linea Gioia brands. We are selling the machines from our own plant that we no longer use: pasta forming, weighing, packaging, conveying and workshop equipment.

TERMS

- Viewing in Rome by appointment, or by video call
- Prices ex works, VAT excluded
- Collection at the buyer's expense
- Sold with VAT invoice
- Offers for several lots together are welcome
- Trade-ins considered: tortellini machines and 10-head multihead weighers

20	Beverage display coolers, 4 available in different sizes	EUR 250 each	22
21	Three-phase transformer 220/380 V up to 20 kW	EUR 500	23
22	Fire-fighting foam trolley with 200 litre drum and inline inductor	EUR 150	24

Facchini double-sheet ravioli machine 250 mm, 2016

EUR 19,500 + VAT

We are selling a 2016 Facchini double-sheet ravioli machine, with 250 mm sheet, complete with 6 dies and a stainless steel rack to hold them.

It is a professional machine for pasta makers and labs producing filled pasta continuously: the two dough sheets enter the forming unit, the filling is dosed between the sheets, the die forms and cuts the pieces and the belt carries them out.

The 6 dies included make six different shapes: large square ravioli, square ravioli with wavy cut, small squares, half-moons, rounds and large round tortelli.

Stainless steel frame on castors, control panel with Siemens Simatic touch screen, dedicated gear motors. Facchini is a leading Italian manufacturer for fresh pasta, with spare parts and service. The Facchini filling pump, just overhauled, is also available to run the machine automatically: sold together or separately.

The price is for machine, 6 dies and rack. Offers are also accepted for the machine only (EUR 10,000 + VAT) or for single dies (EUR 2,500 + VAT each).

Trade-ins with tortellini machines and 10-head multihead weighers are accepted.

[Video of the machine running in the online catalogue.](#)

TECHNICAL DATA

Make	Facchini Group
Type	Double-sheet ravioli machine
Year	2016
Sheet width	250 mm
Controls	Siemens Simatic touch panel, manual/automatic filling pump selector
Outfeed	Modular belt
Frame	Stainless steel on castors

INCLUDED

- Complete machine
- 6 dies: large square ravioli, square ravioli with wavy cut, small squares, half-moons, rounds, large round tortelli
- Stainless steel rack holding the 6 dies
- Video of the machine running

Multivac R 230
thermoformer, year 2002

EUR 10,000 + VAT

We are selling a Multivac R 230 thermoforming packaging machine, year 2002, serial number 1776, made in Germany.

It forms the tray from the bottom film, seals under vacuum or modified atmosphere and cuts the packs in line: the standard for fresh pasta, cured meats, cheese and meat.

Die with three 14 x 10 cm trays, 5 cm deep, per cycle, usable width about 42 cm.

Sold without vacuum pump. Multivac panel with speed control, Siemens electrical cabinet, Norgren pneumatics, format change trolley. 400 V three-phase power supply, 7 kW.

Sold as seen.

TECHNICAL DATA

Make	Multivac (Germany)
Model	R 230
Year	2002
Serial no.	1776
Power supply	415 V three-phase + N, 50 Hz
Power	7 kW, 23 A
Die	3 trays 14 x 10 cm, 5 cm deep
Web width	about 42 cm
Electrical cabinet	Siemens
Pneumatics	Norgren

INCLUDED

- Complete machine with 3-tray die
- Format change trolley
- Multivac control panel
- Vacuum pump NOT included

Mimac cookie depositor,
Minidrop, 2014

EUR 7,000 + VAT

We are selling a 2014 Mimac depositor, Minidrop series, used in our lab and in good condition.

It deposits soft and semi-soft doughs in regular rows: shortbread, cookies, meringues, choux, petits fours. Touch screen panel for programs and speed, stainless steel hopper, outfeed belt, 400-230 V power supply. Comes with the original operating and maintenance manual. Ideal for pastry shops and small biscuit makers moving from piping bags to steady production.

TECHNICAL DATA

Make	Mimac Italia
Series	Minidrop
Year	2014
Power supply	400-230 V
Controls	Touch screen panel
Hopper	Stainless steel

INCLUDED

- Complete depositor
- Outfeed belt
- Original operating and maintenance manual

Moulds for Italian Pack tray sealer, 3 available

EUR 3,000 + VAT
each • 3 available

We are selling three moulds for an Italian Pack tray sealer, in perfect condition. The shapes are in the first three photos: one with three square cavities with internal bars and green gasket, one with three rectangular cavities with perforated base and green gasket, one with two rectangular cavities and red gasket. Price per mould, also sold separately.

TECHNICAL DATA	
For machine	Italian Pack tray sealer
Pieces	3
Mould 1	3 square cavities with inner bars, green gasket
Mould 2	3 rectangular cavities with perforated base, green gasket
Mould 3	2 rectangular cavities, red gasket
Condition	Perfect

- INCLUDED
- 3 sealing moulds

Facchini dies for fresh pasta machines, 2 available

EUR 4,000 + VAT
each • 2 available

We are selling two Facchini dies for fresh pasta machines, steel forming and cutting units, each with its own plate: code S07 027 00 serial 1239 and code S07 002 000 serial 1382. For anyone working with Facchini machines. Price per die, also sold separately.

Price per die.

TECHNICAL DATA

Make	Facchini
Pieces	2
Die 1	code S07 027 00, serial 1239
Die 2	code S07 002 000, serial 1382
Material	Steel

INCLUDED

- 2 forming and cutting units with rating plate

Langhi 2-head linear weigher

EUR 9,500 + VAT

We are selling a Langhi Sistemi two-head linear weigher, in dimpled stainless steel, with 7-inch touch panel and pneumatic gates. It weighs dry free-flowing products (dry pasta, pulses, rice, snacks, nuts, coffee) and discharges the dose straight into a vertical packing machine or a tray. Italian manufacturer with active service. Used on our packing line, working.

Can be combined with the Pack Food FP 120 vertical packer, also for sale.

TECHNICAL DATA

Make	Langhi Sistemi (Italy)
Type	Linear weigher
Heads	2
Controls	7-inch touch panel
Discharge	Pneumatic gates
Material	Embossed anti-stick stainless steel

INCLUDED

- Complete weigher with infeed hopper
- Polycarbonate guards
- Touch panel

Pack Food FP 120 vertical packing machine for pillow bags, 2004

EUR 5,500 + VAT

We are selling a compact Pack Food (Abano Terme) vertical packing machine, model FP 120, year 2004, for pillow bags, with ESA VT30 controller, dual temperature controller for the vertical and horizontal seals and date coder provision. It forms, fills and seals bags of dry pasta, pulses, sweets and spices, combined with a weigher or a doser. Small footprint. 400 V power supply, 3 kW, compressed air 6 bar.

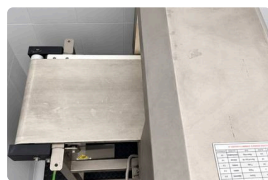

Can be combined with the Langhi linear weigher, also for sale.

TECHNICAL DATA

Make	Pack Food srl, Abano Terme (Italy)
Model	FP 120
Year	2004
Serial no.	002/04
Power supply	400 V, 50 Hz, 8 A
Power	3 kW
Compressed air	6 bar
Weight	about 250 kg
Control	ESA VT30, twin sealing temperature controller

INCLUDED

- Complete packer with forming tube
- Prepared for a date coder
- Guards with doors

CO-EL tunnel metal detector with conveyor

EUR 3,500 + VAT

We are selling a CO-EL (Modena) tunnel metal detector complete with a stainless steel conveyor on castors. It detects ferrous, non-ferrous and stainless steel metals: six programs, sensitivity down to 1.5 mm Fe / non-Fe and 0.5 mm AISI 304. Commissioned in January 2023, with test log. Essential for anyone working to IFS, BRC or retail chain standards. Last calibration to be renewed.

TECHNICAL DATA

Make	CO-EL, Modena (Italy)
Model	R 3400 DC
Serial no.	5844 U
Programs	6
Sensitivity	1.5 mm Fe and non-Fe, 0.5 mm AISI 304
Commissioned	17/01/2023, calibration to be renewed
Conveyor	Stainless steel belt on castors

INCLUDED

- Tunnel metal detector
- Conveyor belt
- Test log

Two-lane weighing line with elevator and control cabinets

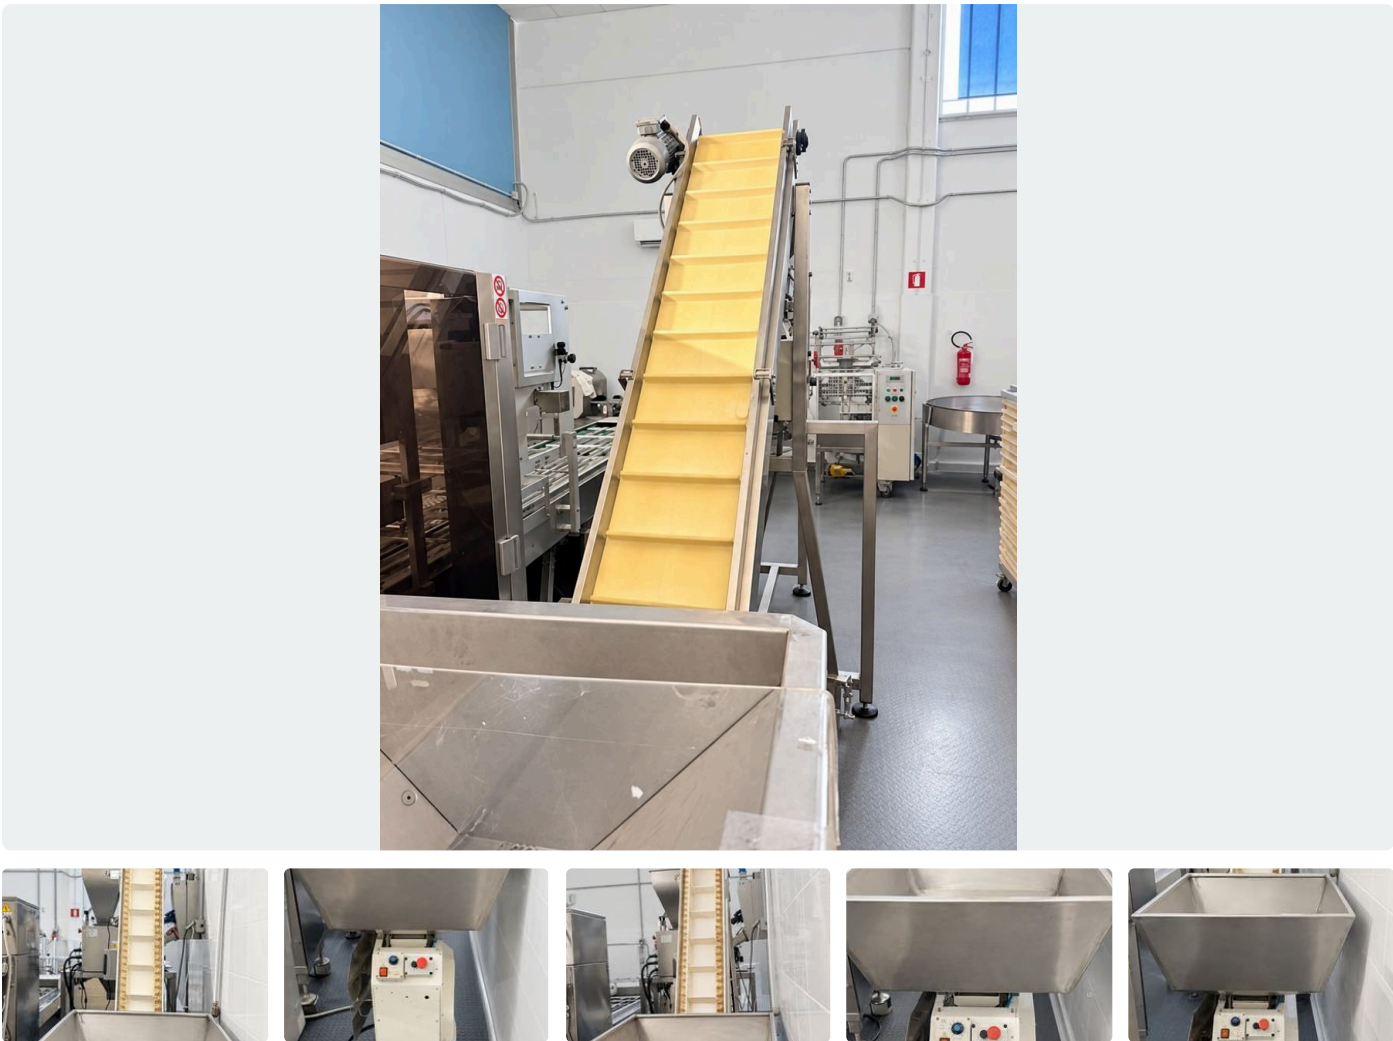

EUR 4,000 + VAT

We are selling a two-lane weighing line with a cleated infeed elevator, stainless steel frame and electrical cabinets with controller. For weighing dry products into a packing machine. To be seen at our site, price for the whole line.

Price for the whole line.

TECHNICAL DATA	
Type	Two-lane weighing line
Product infeed	Cleated elevator
Frame	Stainless steel
Controls	Electrical cabinets with controller

- INCLUDED
- Two-lane weigher
 - Infeed elevator
 - Electrical cabinets

Cleated belt elevators
with vibratory hopper

EUR 4,000 + VAT
each • 2 available

We are selling an inclined modular cleated belt elevator, with a large stainless steel infeed hopper on an adjustable vibrating base and a base on castors. It carries dry pasta, pulses, snacks and dry products up to the hopper of a weigher or packing machine, at about 2.5-3 m.

Two units available, also separately. Price per elevator.

TECHNICAL DATA	
Type	Inclined elevator with cleated modular belt
Pieces	2
Discharge height	about 2.5-3 m
Infeed	Stainless hopper on adjustable vibrating base
Vibrator	48 V with adjustment
Base	On castors

- INCLUDED
- Complete elevator with hopper and vibrating base

140 cm conveyor with blue modular belt, perfect condition

EUR 2,000 + VAT

We are selling a 140 cm long conveyor, with a blue food-grade modular belt, in perfect condition. Steel frame with side guides, gear motor under the deck and height-adjustable feet. Suitable for moving pasta, packed products or trays from one machine to another, or as the outfeed deck of a line.

TECHNICAL DATA	
Type	Belt conveyor
Length	140 cm
Belt	Blue food-grade modular belt
Frame	Steel with side guides
Motor	Gear motor under the deck
Support	Adjustable feet
Condition	Perfect

- INCLUDED
- Complete conveyor with gear motor

WITT CO2 and nitrogen gas mixer for modified atmosphere packaging

EUR 950 + VAT

We are selling a WITT gas mixer for modified atmosphere packaging, two gases (CO2 and nitrogen), CO2 percentage adjustable from 0 to 100%, alarm module and pressure gauge. It connects to tray sealers and MAP packing machines. Leading German brand, spare parts available. Working until taken out of service.

TECHNICAL DATA

Make	WITT-Gasetechnik (Germany)
Gases	CO2 and nitrogen
Adjustment	CO2 from 0 to 100%
Safety	Gas failure alarm module, tank pressure gauge

INCLUDED

- Complete mixer

Facchini stainless steel filling pump, just overhauled

EUR 6,000 + VAT

We are selling a Facchini filling pump with a stainless steel conical hopper, just overhauled. It loads the filling for ravioli and can be used on all ravioli machines with automatic feeding. It is on a trolley with castors, complete with food-grade hose and tri-clamp connection, and is still wrapped in the factory film. The 2016 Facchini double-sheet ravioli machine, 250 mm, with 6 dies, which this pump runs automatically, is also available: sold together or separately.

The 2016 Facchini double-sheet ravioli machine, 250 mm, with 6 dies is also available.

TECHNICAL DATA

Make	Facchini
Type	Filling pump with conical hopper
Material	Stainless steel
Condition	Just overhauled, wrapped in factory film
Connection	Food-grade hose with tri-clamp fitting
Frame	Trolley on castors

INCLUDED

- Pump with conical hopper
- Trolley on castors
- Food-grade hose with tri-clamp fitting

Vibratory feeder with stainless hopper and sieve

EUR 3,000 + VAT

We are selling a vibratory feeder with a stainless steel hopper and a perforated sheet outlet that separates crumbs and dust. Electromagnetic vibrator with intensity control, frame on adjustable feet. For a steady feed of weighers, conveyors and packing machines with dry pasta, snacks and dry products.

TECHNICAL DATA	
Type	Vibratory feeder
Hopper	Stainless steel
Outlet	Perforated plate that separates crumbs and dust
Vibrator	Electromagnetic with intensity control
Support	Adjustable feet

- INCLUDED
- Complete feeder with control box

Automatic stainless steel weighing filler up to 5 kg for powders and granules

EUR 350 + VAT

We are selling an automatic weighing filler from 2021, lightly used in our food lab, in excellent condition. It fills bags, pouches and jars at the weight set on the digital panel, from a few tens of grams up to about 5 kg, for dry free-flowing products: flour, sugar, salt, rice, pulses, seeds, coffee beans, short pasta, nuts, granules.

How it works: the product is loaded into the hopper, the weight is set, the machine doses by vibration onto a load cell and discharges into the chute. Automatic cycle, switching to fine dosing near the target weight. Indicative accuracy of a few grams, depending on the product.

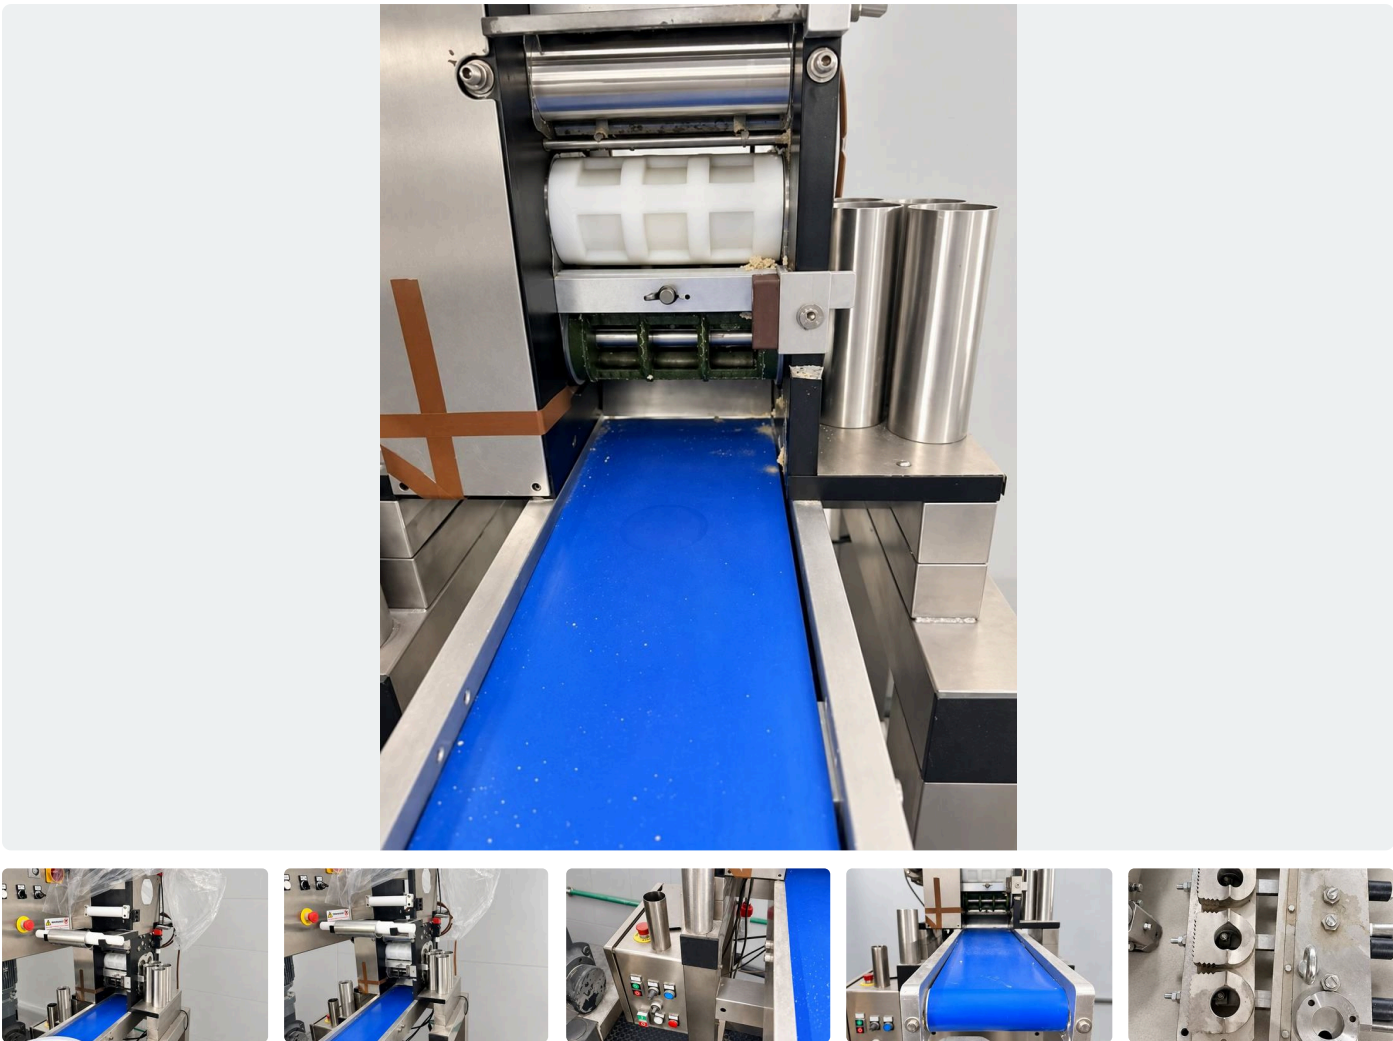

Features: food-grade stainless steel frame and hopper; microprocessor panel with dual display; built-in bag platform; four swivel castors with brakes, one person can move it; footprint 62 cm deep by about 116 cm high, outlet 65 cm above the floor; single-phase 220 V power supply, about 260 W.

TECHNICAL DATA

Type	Automatic weighing filler
Year	2021, little used
Range	from a few tens of grams to about 5 kg
Power supply	220 V single-phase, about 260 W
Footprint	62 cm deep, about 116 cm high
Outlet	65 cm above the floor
Material	Food-grade stainless steel

INCLUDED

- Complete filler
- Four swivel castors with brakes
- Built-in bag platform

IVPASTA double-sheet ravioli machine
with square die and heart-shaped die

EUR 5,000 + VAT

We are selling an IVPASTA double-sheet ravioli machine with a square ravioli die and heart-shaped forming and cutting units. It forms ravioli and filled shapes from two dough sheets with the filling dosed between the sheets, interchangeable die roller and outfeed belt. Control panel with emergency stop. Italian manufacturer. Ideal for fresh pasta makers and labs that want to produce ravioli continuously.

TECHNICAL DATA	
Make	IVPASTA
Type	Double-sheet ravioli machine
Dies	Square, plus heart-shaped cutting units
Forming	Interchangeable die roller
Outfeed	Belt
Controls	Panel with emergency stop

- INCLUDED
- Ravioli machine
 - Square ravioli die
 - Heart-shaped forming and cutting units

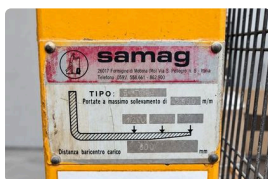

Stainless steel 2-door 1400 litre freezer cabinet, still in protective film

EUR 900 + VAT

We are selling a professional stainless steel two-door freezer cabinet, about 1400 litres, 139 x 203 cm, digital thermostat. Still in its protective film, practically new. For restaurants, pasta and pastry labs, delicatessens.

TECHNICAL DATA	
Type	Professional freezer cabinet
Doors	2
Capacity	about 1,400 litres
Size	139 x 203 cm
Material	Stainless steel
Thermostat	Digital
Condition	Still in its protective film

- INCLUDED
- Freezer cabinet

Samag electric walkie stacker 1200 kg

EUR 900 + VAT

We are selling a Samag electric walkie stacker, capacity 1,200 kg, lift height up to 2.5 m, with overhead guard and battery charger. Working, ideal for a warehouse or a small business. Sold as seen, test at our site.

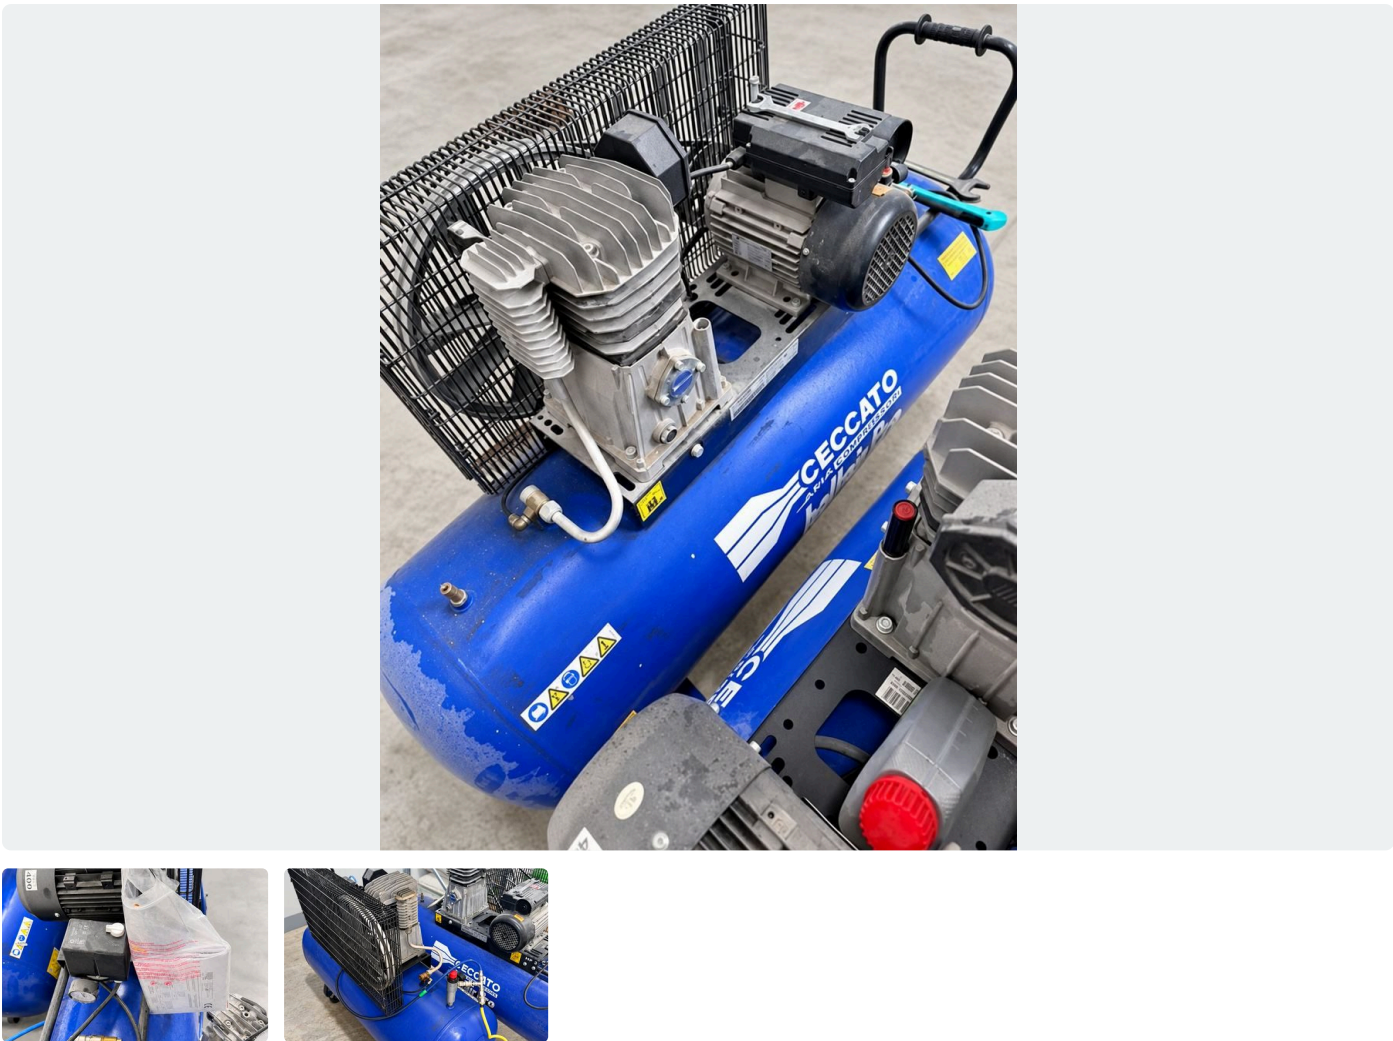

Sold as seen.

TECHNICAL DATA

Make	Samag, Formigine (Italy)
Type	Electric walkie stacker
Capacity	1,200 kg at 600 mm load centre
Lift height	up to 2,500 mm
Equipment	Overhead guard, battery charger

INCLUDED

- Stacker
- Battery charger

Ceccato belt-driven compressors (two)

EUR 550 + VAT
each • 2 available

We are selling two Ceccato belt-driven air compressors, with horizontal tank on wheels, pressure switch and gauge: one with a 400 V three-phase motor, the other with a 220 V single-phase motor. Pressure test at our site. Price per compressor, discount for both.

TECHNICAL DATA

Make	Ceccato
Pieces	2
Drive	Belt
Tank	Horizontal, on wheels
Motors	One 400 V three-phase, one 220 V single-phase
Equipment	Pressure switch and gauge

INCLUDED

- 2 compressors

Beverage display coolers,
4 available in different sizes

EUR 250 + VAT
each • 4 available

We are selling 4 beverage display coolers in different sizes, with glass door and adjustable shelves, some with a customisable illuminated sign, including an upright glass-door fridge 1.73 m high. They have cosmetic defects but work perfectly. Perfect for bars, grocery stores and shops. Price per cooler.

TECHNICAL DATA	
Type	Beverage display coolers
Pieces	4, different sizes
Door	Glass
Shelves	Adjustable
Sign	Illuminated on some
Among them	Upright glass-door fridge 1.73 m high
Condition	Cosmetic defects, working perfectly

- INCLUDED
- 4 coolers

Three-phase transformer
220/380 V up to 20 kW

EUR 500 + VAT

We are selling a three-phase transformer that converts power from 220 V three-phase to 380 V three-phase and vice versa, for loads up to 20 kW. Mounted on DIN rail with terminal block. It is used to connect 380 V machines where the mains supply is 220 V three-phase, or the other way round.

TECHNICAL DATA

Type	Three-phase transformer
Conversion	220 V three-phase to 380 V three-phase and vice versa
Power	up to 20 kW
Mounting	DIN rail with terminal block

INCLUDED

- Transformer

Fire-fighting foam trolley with 200 litre drum and inline inductor

EUR 150 + VAT

We are selling a two-wheel fire-fighting foam trolley, with a full 200 litre drum of foam concentrate, inline inductor with brass couplings and suction hose. It connects to the fire hose and produces foam to put out fires of flammable liquids.

TECHNICAL DATA

Type	Fire-fighting foam trolley
Drum	200 litres, full of foam concentrate
Inductor	Inline, brass couplings
Suction	Hose
Frame	Two-wheel trolley

INCLUDED

- Trolley
- Full drum
- Inductor and hose
